VIEWING AND COMPREHENSION STRATEGIES

*for success!*

### **BEFORE viewing each episode, ...**

- Read the brief summary in English, so that you can understand the context of the episode you will view.
- Actively study, memorize and practice the vocab list of the episode, each day, leading up to your viewing.
- Read the entire transcript of the episode you'll view, look up and list the words you do not know.

### **WHILE viewing each episode, ...**

- Make sure you are in a quiet, undisruptive environment, for a chunk of time of at least 30 minutes!
- Concentrate and focus on trying to understand what is being said and what is happening.
- Pause after each dialog segment, in order to reflect upon what you understood, or rewind to watch again.

### **AFTER viewing each episode, ...**

- Login to your QUIA testing account, and complete the 12-question assignment.
- Consider viewing the episode again, when necessary, in order to answer questions accurately.
- If you are not satisfied with your assignment's score, retake it up to 5 times. Your highest score counts!

**You can do this! The choice is all yours!**
